The Exhibitor shall be fully responsible and liable for losses, damages and claims arising from the Exhibitor’s activities on the Orlando World Center Marriott premises and will indemnify, defend and hold harmless the Orlando World Center Marriott, its agents, servants and employees from any and all such losses, damages and claims except for any such losses, damages and claims arising out of any negligence on the part of the Orlando World Center Marriott. The official VPPPA Symposium badge must be worn in the exhibit hall at all times, and exhibit booths must be manned during all open VPPPA Expo hours.

During installation and dismantling (I&D), exhibitor booth personnel must either wear the official symposium badge or an I&D badge, available at the Registration Counter. Exhibitor booth personnel will be responsible for procuring his/her individual badge at the 2020 Safety+ Symposium Registration Counter. Badges will not be distributed in bulk to one representative of the company.

12. SUBLETTING OR SHARING OF BOOTH SPACE
Exhibitors may not assign, sublet or apportion to others the whole or any part of the space allocated and may not display goods or services other than those manufactured or regularly distributed by the Exhibitor. Two or more Exhibitors may share booth space only if utilizing at least two booth spaces and with written approval from VPPPA.

13. BOOTH DEFINITIONS
All exhibit displays should be designed and erected in a manner that will withstand normal contact or vibration caused by neighboring exhibitors, hall laborers or installation/dismantling equipment such as forklifts. Refer to local building codes that regulate temporary structures.

- Corner Booth: A corner booth is a linear booth exposed to aisles on two sides. All other guidelines for standard in-line booths apply.

- Standard In-Line Booth: Standard in-line or linear booths have only one side exposed to an aisle and are generally arranged in a series along a straight line. Booth height is restricted to ten (10) feet. Regardless of the number of linear booths utilized, display materials should be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors. The front five (5) feet of the rented space may be occupied from the floor up to a height of four (4) feet.

- Island Booth: An island booth is any size booth exposed to aisles on all four (4) sides. An island booth generally conforms to twenty by twenty (20’ x 20’) feet or larger. The entire cubic content of the space may be used up to twelve (12) feet, the maximum allowable height.

- Perimeter Booth: Standard in-line booth located on the outer-perimeter of the exhibit floor. Booth height is restricted to twelve (12) feet.

14. BOOTH LIMITATION
All exhibits must be confined to the spatial limits of the exhibit space rented as indicated on your confirmation packet. Equipment, products or materials to be shown or demonstrated must be placed within the contracted space to ensure that the attendee viewing the display will be in the booth and not impeding the aisle traffic. No part of any display may be suspended from or attached to any part of the Orlando World Center Marriott. If an Exhibitor desires to exceed the standard heights outlined in the rules and regulations, the Exhibitor must submit a request in writing along with a rendering of the proposed booth for approval to VPPPA.

15. HANGING SIGNS AND GRAPHICS
No hanging signs, pillar wraps or banners will be permitted without written approval from VPPPA.

16. FLAMMABLE AND TOXIC MATERIAL
All materials used in the display construction or decorating should be made of fire retardant materials and be certified as flame retardant. Exhibitors should dispose of any waste products they generate during the exhibition in accordance with guidelines established by the Environmental Protection Agency and the facility.

17. LIGHTING
Exhibitors must adhere to the following minimum guidelines when determining booth lighting:

- No lighting, fixtures, lighting trusses or overhead lighting are allowed outside the boundaries of the exhibit space.

- Lighting should be directed to the inner confines of the booth space. Lighting should not project onto other exhibits or show aisles.

- Lighting which is potentially harmful, such as lasers or ultraviolet lighting, should comply with Orlando World Center Marriott rules and be approved in writing by VPPPA.

- Lighting that spins, rotates, pulsates and other specialized lighting effects should be in good taste and not interfere with neighboring exhibitors or otherwise distract from the general atmosphere of the 2020 Safety+ Symposium.
18. STORAGE
Fire regulations in the Orlando World Center Marriott prohibit storing product, literature, empty packing containers or packing materials behind back drapes.

19. DEMONSTRATIONS
As a matter of safety and courtesy to others, the Exhibitor should conduct sales presentations and product demonstrations in a manner which assures that all exhibitor personnel and attendees are within the contracted exhibit space.

20. SOUND/MUSIC
In general, the Exhibitor may use sound equipment in their booth so long as the noise level does not disrupt the activities of neighboring Exhibitors. Speakers and other sound devices should be positioned so as to direct sound into the booth rather than into the aisle. Rule of thumb: sound and noise should not exceed 85 decibels.

Exhibitors should be aware that music played in their booths, whether live or recorded, may be subject to laws governing the use of copyrighted compositions. ASCAP, BMI and SESAC are three authorized licensing organizations that collect copyright fees on behalf of composers and publishers of music.

21. RESPECT YOUR NEIGHBORS
Exhibitors may only enter exhibit areas other than their own by invitation. Exhibitors are not permitted to distribute promotional material, samples, catalogues, pamphlets or publicity except within their own booth space.

22. SECURITY
Overall security service will be provided by VPPPA for the duration of move-in, off-show hours and dismantling, but neither the security service nor VPPPA will be responsible for loss or damage to any property for any cause. VPPPA reserves the right to inspect any package, box, handbag or other means of conveyance leaving or entering the exhibit hall at any time. Anyone not allowing such inspection will not be allowed to remove un-inspected property from the exhibit hall until all other exhibitors have left.

23. PHOTOS, VIDEO, FILM, RECORDING
Photo taking of exhibit booths other than your own is strictly prohibited. In consideration of the opportunity to be an Exhibitor at the 2020 Safety+ Symposium, the Exhibitor and the exhibiting company’s representatives hereby grant permission to VPPPA to use, reproduce and/or disseminate in any form or media, any film, audio or photo taken or recorded of the Exhibitor and/or the exhibit during the above-named symposium for the purpose of promoting VPPPA’s current or future activities, programs, symposia or meetings.
